Fiscal Analysis

ASSUMPTIONS:

Secretary of State

1. For purposes of CI-75 and submitting HB 164 to the electorate, this issue is only one of many likely to be submitted. Therefore, the impact presented in the fiscal note is only for the “extra” (marginal) cost which would be incurred by the state in preparing a Voter Information Packet (VIP) for the specific issue contained in the proposed bill. The VIP circulation is 525,000.
2. HB 164 will require at least five pages of explanation to be printed in the VIP at .00236 cents per page for a total cost of \$6,195. (5 x .00236 x 525,000)
3. Although counties also will incur a cost for distribution of the VIP, funding will be distributed to the counties by the Secretary of State for this purpose. County cost is .008356 per page for a total of cost of \$21,934. (5 x .008356 x 525,000)
4. Although the Secretary of State does not have a general fund budget, the cost of submitting these issues to the electorate will be supported with general fund.

(continued)

5. In the event the HB 164 surcharge is adopted, thereby generating the proposed state special revenue, the general fund would be reimbursed the \$28,129 cost of the ballot issue. (\$6,195 from # 2 and \$21,934 from # 3)
6. The Secretary of State will maintain records of the marginal cost for each ballot issue and notify agencies of the general fund reimbursement due after the election. Each agency will receive a one-time-only transfer appropriation for this purpose.
7. For purposes of the general fund balance in the Fiscal Summary on page 1, it is assumed the HB 164 issue is adopted by the voters.

Secretary of State

<u>Expenditures:</u>	FY 2000
Operating Expenses	6,195
Transfer to Counties	<u>21,934</u>
TOTAL	\$28,129

Funding:

General Fund (01)	\$28,129
-------------------	----------

TECHNICAL NOTES:

DEQ

1. This bill is the electorate companion bill to HB 158 which contains the fiscal impact for underground tank inspector license renewals.

Secretary of State

1. Upon passage and approval of the HB 164 ballot issue by the electorate, the Secretary of State would bill DEQ \$28,129 for its proportionate share of the VIP and for its proportionate share of the distribution costs incurred by the counties to be paid from the new state special revenue created by approval.
2. If the ballot issue were not approved, the general fund appropriated in HB2 would bear the cost.

EFFECT ON COUNTY OR OTHER LOCAL REVENUES OR EXPENDITURES:

CI -75: For HB 164 the mailing costs of the VIP and the extra item on the ballot would be marginal costs. Assuming five pages for this issue at .008356 per page distributed to 525,000 addresses, counties would incur a cost of \$21,129 in FY 2000. See the third assumption of Secretary of State.

TECHNICAL NOTES in consideration of CI-75

1. The costs presented for the HB 164 ballot issue will be included in a comprehensive analysis of the planned electorate vote(s) prior to the end of the session, based on all ballot issues adopted by the 56th Legislative Assembly.
2. When considering the comprehensive costs of an electorate vote, any costs greater than \$194,203 which are distributed to the counties must be funded by the Legislature (1-2-112, MCA).
3. For FY 2000, a statewide election would have a base cost of \$690,000 for the counties and \$46,987 for the state for total general fund of \$736,987. General fund will be appropriated in HB2 to the Secretary of State for this statewide base cost and all the cumulative per-ballot-issue marginal costs at the end of the session.
4. In FY 2001, a tax election would be combined with a general election and would, therefore, require only marginal costs for ballot issues.
